STATEWIDE NOTICE

MUNICIPALITIES AND OWNERS/OPERATORS OF PUBLIC DRINKING WATER SUPPLY SYSTEMS

New York State Drinking Water State Revolving Fund Intended Use Plan

FINAL AMENDMENT No. 2
to the
DRINKING WATER STATE REVOLVING FUND (DWSRF)
Federal Fiscal Year (FFY) 2016 INTENDED USE PLAN

May 4, 2016

FFY 2016 DWSRF Intended Use Plan Amendments:

Draft Amendment No. 2 to the Drinking Water State Revolving Fund Intended Use Plan (IUP) issued October 1, 2015 was published in the April 6, 2016 issue of the Environmental Notice Bulletin. The comment period for Draft Amendment No. 2 closed on April 20, 2016 and the New York State Department of Health received no public comments pertaining to the Amendment. Therefore, as of April 21, 2016 the Amendment as shown below was final:

DWSRF#18084 Brocton (V), Chautauqua County - The project cost as listed in the DWSRF Intended Use Plan (IUP) is increased to \$1,996,120. This increase reflects potential additional funds that may be required for the financing of the project and allow associated fees to be rolled into the financing. The increased costs are subject to repayment to the program over the term of the financing.

DWSRF#18096 Orleans (T), Jefferson County - The project cost as listed in the DWSRF Intended Use Plan (IUP) is increased to \$13,251,488 to reflect potential additional funds that may be required for the financing of the project. The cost increase is a result of expanding the project to serve additional homes with public water. The increased costs are subject to repayment to the program over the term of the financing.

DWSRF#18098 Rome (C), Oneida County - The project cost as listed in the DWSRF Intended Use Plan (IUP) is increased to \$15,307,000 to reflect the additional funds that are required for the financing of the project. The cost increase is a result of the actual project bids coming in higher than the original estimates. The increased costs are subject to repayment to the program over the term of the financing.

In addition to the above project specific amendments, Section 7.3 of the IUP is amended to remove the 4th bullet under Hardship Eligibility Criteria. The language being removed by this amendment is “Construction is not substantially complete on the project at the time of the initial DWSRF financing.”

The New York State Department of Health has determined that the amendments are necessary, reasonable, and in the interest of protecting public health. The amendments will not adversely affect any project on the IUP Project Annual List above the subsidized funding line. Except as noted above, there are no other changes to the IUP as a result of this Amendment No. 2 of the FFY 2016 IUP.
