

The Corporation issued its State Revolving Funds Bonds, Series 2023 C (2010 Master Financing Program) (Green Bonds) on December 5, 2023. As noted in the Official Statement relating to such bonds, we plan to post semi-annual updates regarding the projects funded with the proceeds of such bonds via our website ([www.efc.ny.gov](http://www.efc.ny.gov)) until such time as all the projects funded are complete.

NYSEFC Series 2023C Green Bonds Project Update

Recipient	Program	Principal Amount of Green Bond Proceeds	Project Description	Completion Date
Town of Ballston	CW	4,760,226	Planning, design and construction of a wastewater collection system including a forcemain and new pump station to replace onsite septic systems along the shores of Ballston Lake.	11/1/23
Village of Candor	DW	1,129,165	Upgrades to the water source including generator installation, well controls and ventilation improvements.	11/15/23
Town of Cornwall	CW	3,033,003	Planning, design and construction of the Town's Inflow, Infiltration, and Surcharge Mitigation Project.	10/2/23
Village of Depew	CW	667,930	Planning, design and construction of sanitary sewer improvements to reduce inflow and infiltration in the Village's collection system.	9/30/23
Dutchess Co Water & Wastewater Authority	CW	1,724,113	Design and construction of improvements to the Greenfields Wastewater Treatment Plant and collection system.	12/15/22
Town of Greenville	DW	1,427,471	Installation of a new pressure reducing valve (PRV), new SCADA controls system, replacement of an aged, deteriorated 200,000-gallon tank with a new finished 200,000-gallon water storage tank, installation of approximately 2,500 linear feet of new water main to extend public water service to 21 homes, and replacement of aged, non-operable hydrants and valves throughout the system.	7/4/23
Village of Lake Placid	DW	4,126,131	Improvements to the existing surface water filtration plant to increase operational efficiency and the replacement of approximately 4,000 linear feet of aged water main within the Village.	11/1/23
Town of LeRay	DW	2,192,442	Construction of an approximately 500,000-gallon water storage tank and replacement of approximately 4,000 linear feet of distribution main.	6/30/23
Village of Lowville	DW	1,877,279	Installation of two groundwater supply wells, associated transmission main, and associated treatment; and upgrades to the Village of Lowville's existing water filtration plant.	11/15/23
Village of Mayfield	DW	1,484,842	Replacement of an existing 150,000-gallon elevated water storage tank with a new 200,000-gallon elevated spheroidal water storage tank.	9/30/23
Nassau County	CW	47,937,997	Planning, design, and construction of a new effluent pump station at the Bay Park STP, rehabilitation and lining 7.3-miles of an existing aqueduct under Sunrise Highway, construction of approximately 3.6 miles of new micro-tunneled 72-inch diameter force mains between each of the two treatment plants and the existing aqueduct, construction of a new standpipe receiving tank, and modifications to the existing effluent pump station at the Cedar Creek WPCP. This project will improve water quality in Reynolds Channel.	8/15/24
Town of Ontario	CW	2,492,711	Planning, design and construction of improvements to the Town of Ontario's Wastewater Treatment Plant.	9/30/23
Ontario County	CW	1,342,878	Planning, design and construction of improvements to the Honeoye Lake Wastewater Treatment Plant (WWTP).	5/31/23
City of Oswego	CW	3,018,138	Planning, design and construction of sewer separation and rehabilitation in the 3rd and 4th 25% areas in the City of Oswego's west side combined sewer system.	5/27/21
City of Oswego	CW	425,351	Planning, design and construction of sanitary sewer rehabilitation in Area 3 in the City of Oswego's west side sanitary sewer system.	6/13/22
Town of Pamelaia	DW	1,285,548	Installation of approximately 75,500 linear feet of new water main and appurtenances, water storage tank site improvements, SCADA improvements, and replacement of approximately 11,620 linear feet of existing water mains.	10/29/23
City of Poughkeepsie	DW	1,048,860	Upgrading the existing ultraviolet (UV) disinfection system, replacement of the uninterruptable power supply (UPS) system, and improvements to the HVAC system in the Pipe Gallery.	12/30/23
Town of Poughkeepsie	DW	881,970	Upgrading the existing ultraviolet (UV) disinfection system, replacement of the uninterruptable power supply (UPS) system, and improvements to the HVAC system in the Pipe Gallery.	12/30/203
Village of Pulaski	DW	2,399,652	Replacement of approximately 20,000 linear feet of distribution mains and appurtenances.	9/1/23
City of Schenectady	CW	1,942,982	Planning, design and construction for the relocation of the North Ferry Street Pump Station.	3/15/22
City of Schenectady	CW	1,983,726	Planning, design and construction of the City of Schenectady's Sanitary Sewer Overflow Mitigation & Improvement Project.	7/15/22
Village of Scotia	CW	969,230	Planning, design and construction of wastewater pump station improvements and remediation and demolition of the abandoned Village of Scotia wastewater treatment plant.	11/10/22
Village of South Glens Falls	DW	1,485,743	Replacement of approximately 2,100 linear feet of 8-inch water main on Wilson and Haviland Avenue; rehabilitation of the existing water storage tank to remove lead paint and prolong its service life; and installation of a single 20,000-lb granular activated carbon (GAC) vessel for the removal of perfluorinated compounds (PFAS).	12/1/23
